SGM9P

Optics not included

Made in the USA. All SGM products are built, assembled and inspected in the ISO 9001:2000 and AS 9100:2007 Revision B Certified Manufacturing Facility.

Carbines & Rifles:

SGM9P: The most unique AR style pistol built. With a purpose built, shortened bolt carrier the SGM 9P utilizes a full carbine length spring, rather than a cut down buffer tube and spring as with competitors' pistols. The unique buffer is designed to run reliably in all conditions with all quality .223 & 5.56 NATO ammunition. Originally designed as special weapons system for professional security use, the SGM 9P is now available in civilian versions.

Standard Features:

- 5.56 NATO
- Noveske 7.5" stainless steel 1:7 twist barrel, with KX3 compensator.
- Pistol-length tuned direct gas impingement system
- SGM 9 lower with integral 3 position sling mount with swivel
- VLTOR custom pistol CASV hand guard & flip up front sight
- Battle proven VLTOR MUR upper receiver
- Special National Match phosphate & chromed custom bolt carrier
- Tango Down BG 16 battle grip with storage
- Tango Down 30 round ARC magazine

Model	Description	Item ID	MSRP
SGM9PB	5.56 SGM 9P Black	SGP00001	\$2,495.00
SGM9PG	5.56 SGM 9P Green	SGP00002	\$2,495.00
SGM9PT	5.56 SGM 9P Tan	SGP00003	\$2,495.00

SGM-A7

Optics not included

Carbines & Rifles:

SGM-A7: The A7 is the ultimate in lightweight carbines. Incorporating innovative machining techniques with unique functional design the A7 offers ultimate in an AR style carbine. The step rail allows for diverse accessory mounting positions. A7 is a rifle with every possible option loaded as standard operating equipment, and has been built to run reliably.

Standard Features:

- 5.56 NATO
- 14.5" CL Match HP MP 1:7 twist barrel with permanent VLTOR pinned flash suppressor
- Carbine length gas system with VLTOR pinned front flip sight gas block
- VLTOR CASV-ELS™ stepped free float hand guard, with multi position rails
- VLTOR BCM Gunfighter Tactical charging handle
- VLTOR MUR upper receiver with forward bolt assist
- National Match bolt carrier assembly
- 5 position VLTOR Mod stock, carbine mil buffer tube, spring & buffer
- Midwest Industries SPLP rear flip sight
- SGM9 lower receiver with integral 3 position sling mounts and swivel
- Tango Down BG 16 Battle Grip with storage
- Tango Down 30 round magazine

Model	Description	Item ID	MSRP
SGM-A7	5.56 SGM-A7 Black	SGR00001	\$2,695.00

SGM-A10

Optics not included

SGM-A10: The A10 is the professionals' choice in battle ready carbines. Incorporating innovative machining techniques and 1 piece upper the "battle proven" design, the A10 offers the ultimate in an AR style carbine. Don't be confused when you hear "AR," the A10 is far above and beyond comparable "MONO' railed type AR rifles. There is functionality in the A10's design that separates it from the other look-a-like products.

Standard Features:

- 5.56 NATO
- 14.5" CL Match HP MP 1:7 twist barrel with permanent VLTOR pinned flash suppressor
- Carbine length gas system with VLTOR low profile gas block
- VLTOR VIS 2A 10" free float hand guard upper receiver with removable bottom rail
- VLTOR BCM Gunfighter Tactical charging handle
- National Match bolt carrier assembly
- 5 position VLTOR Mod stock, carbine mil buffer tube, spring & buffer
- Midwest Industries SPLP rear flip sight
- Quick Deployment Midwest Industries front sight
- SGM9 lower receiver with integral 3 position sling mounts and swivel
- Tango Down BG 16 Battle Grip with storage
- Tango Down 30 round magazine

Model	Description	Item ID	MSRP
SGM-A10	5.56 SGM-A10 Black	SGR00002	\$2,695.00

SGM-A39, 40, 41

SGM-A39, 40 & 41: The first in a series of new AR style rifles that will change the way the AR is perceived & used. The newly introduced ammunition from Black Hills MFG 6X45 offers a .243 (6mm) bullet in a .223 case allowing for standard AR magazines to be used, but the benefit is now your AR is not only a super effective defense rifle, but also a high performance hunting rifle suitable for a variety of hunting applications. The A39-41 is the same configuration as their .223 brothers, the A15-17. Featuring a mid-length gas system, these rifles also offer the ability to shoot a 100 grain bullet to distances unachievable with an M4 style rifle with a 16" barrel.

Optics not included

Standard Features:

- 6mm X 45mm
- 16" CL Match HP MP 1:9 twist barrel with VLTOR flash suppressor

SGM-A24

SGM-A24: The “wolf” in sheep’s clothing, the 5.56 NATO A24 was designed to look just like all the others, but hiding under the VLTOR Vis 3 extended rail upper receiver system is a highly tuned hole punching machine. Precision is an understatement, the A24 will be right at home on the range as it would in Tora Bora. Add the optics of choice and keep backing that target up.

Standard Features:

- 5.56 NATO
- 16” SS Match Grade 1:8 twist barrel with VLTOR flash suppressor
- Mid-length gas system with VLTOR low profile gas block
- VLTOR VIS 3A 12” free float hand guard upper receiver with removable bottom rail
